

THANK YOU!

Thank you for submitting this nomination; because of interested citizens like you, Rochester has gained a reputation as one of this country's most livable cities.

Your nomination will be considered at our next monthly CUDE meeting. If it meets our review criteria, we will be sending the property owner a "Note of Appreciation" recognizing the work they've done to improve Rochester's urban environment. We will also send you a note letting you know the result of our review.

Each November, The Committee on Urban Design and Environment holds a breakfast where we recognize the projects we've reviewed over the past year and present awards to those that best exemplify outstanding work in their category. It's a wonderful event that provides much deserved attention to those whose efforts make Rochester a great place to call home.

## RECOGNITION CATEGORIES

**RESIDENTIAL:** Awards for this category are given for new residential development, conversion, or improvement made to existing residential areas. The entry may be for either single-family, or multi-family developments of single buildings or multiple structures.

**COMMERCIAL:** Awards in this category will be given for all types of new construction or adaptive use of existing business structures that are open to the public. This includes, but is not limited to offices, restaurants, and retail uses.

**HISTORIC PRESERVATION / REHABILITATION:** Awards in this category will be given for preservation or rehabilitation of existing buildings which are important in defining Rochester's early character and community identity.

**COMMUNITY SITE ENHANCEMENT:** Awards in this category are for any project through exemplary design features and/or quality of construction, are made into public amenities. Churches and signage are examples of projects that fall in this category.

**INSTITUTIONAL:** Awards in this category are for local, state and federal projects including but not limited to: recreation, government offices, education and transportation projects or facilities.

**INDUSTRIAL:** Awards in this category are for industrial, warehouse or corporate projects not normally open to the public that has a positive impact on the city's visual environment.

**ENVIRONMENTAL INNOVATION OR CONSERVATION:** Awards in this category are for projects that significantly preserve and protect the Natural Environment. Projects restoring negatively impacted natural systems are also eligible for consideration.

**LANDSCAPE:** Awards in this category are given to exceptional landscape design installations in Residential, Commercial, Institutional, and Industrial settings. Due to the evolving nature of a maturing Landscape, nominations may be made between one and five years after a landscape installation is complete.

**MAINTAINED OUTSTANDING APPEARANCE:** Awards in this category are for projects that are over five years old and have consistently maintained a high quality appearance contributing to Rochester's image.

**INDIVIDUAL/ORGANIZATION:** Awards in this category will be given to individuals who have consistently demonstrated exceptional character and commitment to residents of Rochester, Minnesota in the form of service or special project.
